PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

25X1A

Petropavlovsk Military Supply Depot (BE [REDACTED]) is located 2 kilometers (km) north of the center of Petropavlovsk at 53-03N 158-38E (Figure 1).

The supply depot covers approximately 55 acres and contains 3 administration buildings, 4 barracks, 25 storage buildings, and 39 support buildings (Figures 2 and 3).

Storage Area A is located 3 km northwest of the center of Petropavlovsk at 53-03N 158-37E. The area covers approximately 25 acres and contains 1 administration building, 16 storage buildings, 2 probable vehicle sheds, and 4 support buildings.

Storage Area B is located 3 km north-northeast of the center of Petropavlovsk at 53-03N 158-39E. The area covers approx-

imately 35 acres and contains 1 barracks/administration building, 1 probable barracks, 1 large armory-type building, 16 storage buildings, and 16 support buildings.

The installations were covered by [REDACTED] KEYHOLE missions of interpretable quality between [REDACTED]

Comparative analysis indicates that the installations were constructed prior to [REDACTED]

[REDACTED] and probably prior to [REDACTED] however, poor quality photography precluded identification of the buildings on the [REDACTED]

[REDACTED] coverage. There has been no significant change in the size of the installations or the level of activity during the period observed. The installations appear to be active year-round.

DESCRIPTION OF INSTALLATION

Road Service

Secondary, all-weather roads connect the areas to Petropavlovsk.

General Storage Areas

Area E1 contains 1 administration building, 16 storage buildings, 2 probable vehicle

sheds (255 by 40 feet and 185 by 40 feet) and 4 support buildings.

Area E2 contains 3 administration buildings, 4 barracks, 25 storage buildings, and 39 support buildings.

Area E3 contains 1 barracks/administration building, 1 probable barracks, 1 large armory-type building, 16 storage buildings, and 16 support buildings.
